

Welcome to Thrive!

We're so glad you're here.

Today is the beginning of your child's Thrive journey, and we can't wait to see where their creativity takes them.

At Thrive, we believe every student deserves a place where they are *known, supported, challenged, and excited to create.*

At Thrive, your child will

Feel like they belong.

Build confidence.

Explore their own ideas.

Develop real creative skills.

Create and collaborate with others.

Discover a lifelong love of music and art.

YOUR FIRST FEW WEEKS

What to expect

First lesson

Your child will meet their teacher, get settled, and start creating. Our first goal is simple: help them feel comfortable, connected, and successful.

Checking in

After a couple of lessons, we'll make sure your child is settling in, connecting with their teacher and/or classmates, and having a great experience.

An early win

Around lesson 4, we'll share something we're seeing in your child—a new skill, growing confidence, a creative breakthrough, or simply a moment worth celebrating.

Keep growing

As your child becomes part of the Thrive community, we'll continue helping them build skills, confidence, creativity, and connection.

THE THRIVE COMMUNITY

You're part of Thrive, too.

Thrive is more than a great place to take lessons. It's a fun, creative community.

Throughout the year, there will be opportunities to perform, create, collaborate, attend special events, join camps and workshops, and connect with other Thrive families.

Keep an eye out for our announcements as we continue to plan and finalize various events throughout the year!

We can't wait to see what they create.

Every child's creative journey will look a little different. That's the point. We're excited to help your child grow as an artist and as a person.

And remember, we'd love to hear from you.

If your child is loving something, we want to know. If something doesn't feel right, we want to know that too. Together, through open and honest communication, we can help your child feel supported, build confidence, and succeed.

Here's to what they'll create. And who they'll become.

— The Thrive Team
